

K-Fix® Thread

Type Ge.10

This type of K-Fix® element is suitable for accepting a standard metric M10 ISO thread meeting DIN 13.

The expanded foam housing is black. The functional part, in polypropylene, for instance, is red as standard. Other RAL colours are available.

Pos.	Description	Type	Material	Weight [g]
1	EPP-Insert	universal	EPP	0,75
2	Metric ISO Thread M10	Ge.10	PP	2,3
